

OCTOBER 19, 2019

Libraries across New York will be participating in The Great Give Back (GGB) on October 19th. The mission of The GGB is to provide patrons of public libraries a chance to participate in meaningful, service-oriented experiences.

Working with the belief of period.org that menstrual care is a basic right, the Newark Public Library will be partnering with local businesses, organizations, and individuals to collect supplies, put together PERIOD PACKS, and distribute them to those in need. The Newark library and period.org...

...Serve

We're all about action. With the support of generous partners, sponsors and individuals, we'll deliver PERIOD PACKS to those in need.

...Educate

It starts with changing the way we talk about periods. We'll elevate the issue to eliminate the taboo, through conversations and by helping to build networks of high school, college and community chapters.

...Advocate

We'll raise awareness and create change through events like this and our media relationships. You can help us repeal the tampon tax and lobby for menstrual products in public places.

**Donate! Come help assemble PERIOD PACKS! Bring a friend!
